

Victoria Lifeline Senior Living Solutions

Victoria Lifeline has proudly supported independent living in Manitoba for 30 years. Lifeline is an easy-to-use personal response service that lets residents summon help any time of the day or night – even if they cannot speak. All residents need to do is press their Personal Help Button (PHB), worn on a wristband or pendant and a trained Personal Response Associate will ensure they get help fast.

We provide reliable, cost-effective solutions for senior living buildings so residents can live safely and remain independent for as long as possible.

Whether you're looking for a centrally monitored, building-wide solution or access to free, educational presentations on Healthy Living and Fall Prevention, we have a solution that will suit your needs & budget.
