Presentation on High Efficiency Multi-family buildings for cold climates: Lessons learned from Prairie Climate Buildings

Dr. Rob Dumont:

Rob Dumont will give a powerpoint presentation showcasing high efficiency multi-family buildings that have been monitored for performance. Real buildings with real performance data will be highlighted.

Rob is a building scientist with 38 years of experience with low energy, low environmental impact buildings. He has worked for the National Research Council of Canada and the Saskatchewan Research Council.

When: Wednesday, **May 28th**, 7:00 pm to 9:00 pm

Where: Nor'west Health Co-op Access Center
785 Keewatin Street

**Event hosted by the Co-op
Housing Development Group,
with the assistance of the Old
Grace Housing Co-op.**
