WELCOME TO

Dear members,

Welcome to MNPCHA! This membership guide is for YOU. Learn about the benefits of being a MNPCHA member and get to know your colleagues in the sector. Thank you for continuing to be part of our strong community of Manitoba non-profit housing providers. Since 2011, we have supported our members to build a thriving, sustainable non-profit housing sector in Manitoba. Today, our members provide over 25,000 units of affordable housing for families, seniors, and individuals with special needs. We are also supported by Associate Members – businesses and organizations in our community who share the same vision. We can achieve so much more together, and we're looking forward to growing with you as we navigate the changes ahead and work to build the strong, vibrant communities of tomorrow.

Regards,

Debbie Van Ettinger
President

PARTNERSHIP BUILDING

WORKSHOPS

Our members have opportunities to learn from cutting-edge speakers and trainers, exchange information, build relationships, and share their best practices as well as challenges with each other. Throughout the year, MNPHA will create opportunities to meet people within the non-profit and affordable housing sector face-to-face, to connect and network. Our members regularly provide feedback to guide the development of the educational sessions to meet their professional development needs. This year, topics are likely to include:

- National Housing Strategy programs and updates: CMHC
- Developing Financing Tools to Grow the Sector
- Board Training
- Preventative Maintenance
- New Development and Redevelopment
- Tenant Health and Well Being
- Board Governance

Since our 2023 conference was in the spring in partnership with the Canadian Housing and Renewal Association National Congress, MNPHA is planning Education Day on October 17, 2023 in Winnipeg

FORUMS

We recognize the diversity of our membership and their specialized needs, so we have proactively forged partnerships amongst members to share knowledge, celebrate success, and crowd-sourced tools.

- MNPHA Breakfast Club
- Harm Reduction Housing Community of Practice

Many of the presentations and videos from the educational sessions (including conferences), are available on our website or YouTube channel for your reference.

SPIRIT OF HOUSING AWARDS

Many of our members have been serving the non-profit housing industry for decades, leaving us a rich heritage. We're proud of our members, and our members are proud of each other. The Spirit of Housing Awards celebrate our leaders' achievements and recognize individuals (employees, board members and tenants), groups and organizations who have made an outstanding contribution to the quality of non-profit housing.

1

Spirit of Achievement Award

This award honours tenants each year from across the province who help to make their non-profit a better place to live. Nominees may be either a tenant group or an individual tenant of an MNPHA member. The tenant group may include tenant associations, advisory committees, or other tenant groups.

2

Spirit of Service Award

This award honours an employee or volunteer each year from across the province who helps to make their non-profit a better place to live.

3

Harry Lehotsky Spirit of Leadership Award

This award honours an individual whose energy and vision contribute to the cause of nonprofit housing in Manitoba.

4

Spirit of Community Award

This award honours an individual or organization whose significant support and committed partnership have contributed towards building a thriving, sustainable, non-profit housing sector in Manitoba.

2022 WINNERS

Connie Lontok (Spirit of Service)
Purpose Construction (Spirit of Community)

COF Haven (Spirit of Achievement)
Terry Wotton (Spirit of Leadership)

INFORMATION AND UPDATES

MNPHA's team has regular contact with stakeholders from housing professionals, service providers, fellow non-profit organizations and all levels of government, procuring a wide range of information. Our members are the first to be informed with curated information, including funding opportunities, news, policy analysis, issues, and innovations within the non-profit and affordable housing sector, as soon as they are available.

1

Monthly newsletter + Member-only updates

We publish monthly email newsletter to keep members informed with the latest news and information about the sector, newly developed resources, and our crucial advocacy support along with exclusive opportunities. With a print-friendly format, we ensure members have all the latest news to share with fellow colleagues and tenants.

Your organization's primary contact will be automatically subscribed for the newsletter and member updates. They can unsubscribe at any time.

2

Access to MNPHA communication platforms

Only MNPHA members can share information, events, and post job openings at no cost through our newsletter, website, and social media.

MNPHA's **Opportunities Board** is the most viewed item in our newsletter, and is a great way to find employees or volunteers who are already interested in the non-profit housing sector. We will post a position within 1-2 business days upon receipt on our website, and publish in the newsletter at the beginning of the next month.

Past newsletters are archived at: mnpha.com/resource-bank/newsletter

PLANNING GUIDES, POLICY BRIEFS, AND RESEARCH

MNPHA develops and promotes tools, resources, programs, and services so members are equipped with information, insights and tools relevant to their work.

1

Ask MNPHA

MNPHA has always been available to its members by phone, email, and in person for a wide range of questions. Usually, we answer these questions by reaching out to other members who have experience or knowledge in a particular area. Sometimes we draw on previous education sessions we have put together. We have started compiling responses to these questions in our newsletter and on the website so members can learn from their peers' inquiries.

2

Board Toolkit

The Board Toolkit, designed for non-profit housing boards, summarizes ten functions of the board, along with tools developed by MNPHA Members for the benefit of their colleagues in the sector. This includes examples and templates that can be adapted for your organizations, such as board orientation materials, board policies, by-laws, and board evaluations.

3

Indigenous Housing Provider Policy, Bylaw Support, and Capital Planning Project

The project assisted Indigenous housing providers to:

- develop, review, and/or update their policies and bylaws, so the boards are equipped with bylaws and policy frameworks that are comprehensive, in simple language, that are consistent with legislation in Manitoba, and that are reflective and respectful of Indigenous culture.
- develop and renew operating policies
- assess capital needs, in particular of single family homes, through regular inspection processes and retain the information in an easy-to-use and affordable database

Templates developed through this project, including sample bylaws, policy manuals and templates, and personnel manuals, are available on our website.

4

End of Operating Agreement Planning Guide

The guide was created in conjunction with the Institute of Urban Studies, based on feedback from our members on what would be most valuable to help them through the process of their operating agreement ending. Compiled with case studies, ideas, and resources, the guide outlines a step-by-step process to aid our members nearing the end of their operating agreement.

MNPHA continues to support members with information, opportunities to ask policy makers questions, and advocacy related to the end of operating agreements.

5

Canadian Rental Housing Index

The Canadian Rental Housing Index (CRHI) is a comprehensive database of rental housing statistics of 800+ regions and municipalities. It provides a data-driven foundation for policy-making decisions, allowing our members to track and compare average rental costs, how rental housing spending compares with income, and the rate of overcrowding in municipalities, regions, federal ridings and provinces.

6

Manitoba Collaborative Data Portal

The Manitoba Collaborative Data Portal provides a knowledge base to promote evidence-informed community discussion, planning, and action. We led the development of the Housing and Homelessness Knowledge Portal, which not only organizes provincial and local research and data on housing and homelessness all in one place, but also provides consistency in definitions and methodologies to increase understanding of housing needs in Manitoba.

SECTOR TRANSFORMATION RESOURCES AND PROGRAMS

MNPHA has a vision of sector transformation leading to a non-profit led, government-supported, client centred, community integrated, well managed and governed, consistent system of housing. It is committed to supporting our members to achieve that vision

1

Transformation Support and Advisory Services

MNPHA can assist organizations in developing business plans, proposals, policies, and partnerships to be well-resourced in managing or purchasing Manitoba Housing assets.

2

Research on Transformation: Successes, Challenges, and Lessons Learned

With transfers and sales of assets paused since 2021, MNPHA is undertaking research on the process and outcomes to date to provide recommendations and advice to government and our members on sector transformation. Researchers have interviewed tenants, employees, and community stakeholders where non-profits have purchased or become managers of Manitoba Housing assets.

The report and recommendations will be released in Fall, 2023.

3

Housing Supports Initiative

MNPHA is the recipient of a \$1.3 million/year fund from the Manitoba government dedicated to undertaking projects in Manitoba over the next two years with community partners that will help:

- Develop and support partnerships between non-profit housing organizations and homelessness support organizations to provide support for tenants within non-profit and Manitoba Housing units
- Enhance existing supports that non-profits have to make their building more available and tenancies more stable for those who need additional supports
- Fill gaps in eviction prevention and housing supports across the province

BUILDING A THRIVING, SUSTAINABLE, NON-PROFIT HOUSING SECTOR TOGETHER

We build partnerships both within the non-profit housing sector, and with other sectors representing our members, to support resilience, relevance, and innovation.

1

Media Relations

MNPHA serves as the “go-to” organization for the public, members, news media, and stakeholders on affordable and non-profit housing issues in Manitoba, to properly reflect our members voices and interests. Through media relations we offer industry insights and policy positions as an industry leader.

2

Government Relations

MNPHA plans an annual meeting with the Minister of Families to discuss non-profit housing, and seeks input from our members on issues to raise. We meet with leaders, policy-makers, and operational teams within all levels of government to ensure our sector's voice is represented.

The annual Housing Day event is an opportunity for members to discuss shared policy priorities, learn about government relations, and meet with all provincial party caucuses to present those priorities and build relationships with political decision makers.

3

2023 Provincial Election: Community Housing Priorities and Resources

During elections, MNPHA creates resources for our members to use to engage with their candidates. For the 2023 election, this will include:

- Community Housing Priorities fact sheets with information on housing need and solutions for Manitoba's largest communities
- Resources on "5 Things Housing Providers Can do in an Election", including resources on engaging tenants
- A media and social media campaign to share the positive impacts of community housing on tenants and communities

**MEMBERSHIP GUIDE
2022/2023**

Our mission is to support members to build a thriving, sustainable, non-profit housing sector in Manitoba, by providing:

1

**Professional Development, Networking,
and Knowledge Exchanges**

2

Information and Updates

3

Programs, Resources, and Services

4
