

# VOTE FOR HOUSING

4 ways to help make affordable housing an Election Priority

1

## When Candidates Knock on Your Door

Ask what their plan is to support low-income housing. Are they aware of the long wait lists? Of how the budget causes long waits for repairs? Of how support from housing staff helps create a healthy community?

2

## Share Your Story

Send us your story and we'll make sure your voice is heard. How has your housing changed your life? As a tenant what are your successes and challenges?

3

## Spread the Word

Share news about your housing and follow @mnpha on social media. Repost our stories. Post about housing and tag us. Tell people why housing matters. Go to election events and forums to ask about housing.
